share of architecture an(d) attitude
DIP HS 2024

HOUSE HOME	EUROPE HUMAN
THIRD REAL	ECONOMY ECOLOGY
ONE MANY	EUROPE BORDERS

Yet for so long we - share of JDV on architecture an(d) attitude – addresses this URGE by exercising this only in the REALITY of CONTEXT and ECONOMY. The ‘3,33% - 33,3% - 333%’- studio was only about that. The ‘DO WE LIVE HOUSE OR HOUSE A LIFE’- studio is only about questioning and twisting needs.

FORM LIFE URGE places the HUMAN in the center and the FORM as an unique instrument at the moment of NEED.

Stating 1.000.000 by 2050 is to simple and not enough. It is not only about just realizing but foremost about reflecting on what it is really about. How to, from now till when? How from here till there? How for who and also?

If Europe takes the CHANCE, to be a continent where humanity is fully integrated, which borders would remain relevant for discussion? where is Switzerland in this idea?

Now each should find HOME what does then mean HOME to each other HUMAN? If it is really about care for everyone, how do we then care of each as each is someone?

As ECONOMY will be key it is about which economy do we envision then really?

These three questions are not different from what we studied already for long with students in bachelor, master, and diploma. Understanding this we take this call for the diploma as a call we not only shared already so long but also a new agenda in teaching where the diploma studio and bachelor studio will share the moment of teaching and researching.

To resume: we will study cross border case-opportunities but not only by numbers but by fundamental questioning what will the real need and for who. Anyway, precise brief on HOME EUROPE CASE SWITZERLAND is on its way and only numbered demands are today available, questioning the real needs will be motorized by widening up the discussion by research and by design.

These ambitions are not without the yet longstanding link built with ETH-WOHNFORUM, whose expertise in housing commons will accompany the entire semester. Furthermore 8000 AGENCY will be involved as guests. HOUSE EUROPE CASE SWITZERLAND
